What will be your retirement income sources?

Your retirement income will likely come from more than one source, and it's important to take this into consideration when planning. Common sources of income in Bermuda include:

- Your group pension plan with BF&M
- Your Government Social Insurance
- Personal savings
- Interest and dividends
- Employment earnings
- Rental or business income

Understanding how much income you will need to support your desired retirement lifestyle and where your sources of income will come from will help with your retirement planning.

Here's a tip:

Use our **Retirement Planning Calculator** to help calculate your needs.

Note: For social insurance payments, the current monthly minimum contribution is \$1,152.

Data obtained from Morningstar Direct. Risk profile performance is based on historical blend of actual managers. Individual fund performance reflects only the manager currently used for that asset class. Past performance is no guarantee of future performance. The price of the shares of each Profile and the income received from each Profile may go down as well as up, and investors may not get back the full amount that they invested. Investment in any of the Profiles involves risks. Currency fluctuations will affect the value of overseas investments.
